New Signage!

Credit where credit is due. No longer will golfers finishing #1 go over to #12 or #17 to find #2. Or finish #11 and tee off on #17. Let's hope anyway. This will help with pace of play. Kudos to Deerfield management. There are more suggestions in the box, pull another!

Name this twin!

Good guesses came in. No it is not Larry Low and Larry High! Congratulations to **Sue Batting** and **Mike Daniels** who both guessed the good looking guy on the right is none other than your DMA President!

That's right. He too is a twin. An surprising 38 minutes older than his brother Murray. Mom didn't realize she was having twins until someone stuck their arm out. We were so small when they were born they shared the same incubator where Clayton gave his brother his first black eye!

What is wrong with this photo?

Turns out Mr. Vern Doupe our DMA Secretary organized a day of golf with his Oakville H.O.G. (Harley Owners Group) buddies. He got to the course before he realized he had grabbed two different coloured golf shoes. His excuse..."it was kind of dark when I grabbed everything." There was no report on how he played.

Rocky Raccoon

**“Rocky Raccoon checked into his room
Only to find Gideon’s bible”**

Ok Beatles fans, you know the tune. In all my years golfing at Deerfield I don't ever recall seeing a raccoon. This poor guy was walking back and forth between the #6 fairway and the driving range fence. Normally raccoons are nocturnal so you don't see them unless they are very hungry or are rabid. Best to leave them some room. They can be nasty.

Meet Ross Stathers

Ross is a new member this year. He golfs regularly with his son-in-law Mark, who hits a loooong ball. Ross is a west coast guy, moved to Oakville 20 years ago from Vancouver with work and has enjoyed Ontario ever since. He has purchased a property in a new development on Vancouver Island near Union Bay if you know the island where he plans to retire. Great to golf with you Ross, there are too few of us west coast guys here in Ontario!

5. Tiger Woods snagged his first ace at the tender age of eight years old.

Historians believe this was passed on to the Scottish, whose own dialect changed this to "golfe", "gowl", or "gouf". By the sixteenth century, this had evolved into the word we know today.
